

May the choicest blessings of God and Gurus
shower Peace, Prosperity and Ever Lasting Joy

Uniting East and West

Celebrating 100 years of

Paramahansa Yogananda

His Vision in Action

Happy New Year

The more you depend on conditions outside yourself for happiness, the less happy you will be.

To know truth, you must experience it in your consciousness.

When you will find him, you will not want anything else.

Self-analysis is the greatest method of progress.

Nature takes the greatest revenge silently on those who misuse or trifle with her holy method of creation.
